

# NORLAKE<sup>®</sup> SECURE GUARD<sup>™</sup>

PROTECT YOUR INVENTORY

*Stop Food  
Theft with...*

*Secure Guard<sup>™</sup>  
Cooler/Freezer Lock  
Exclusively from Nor-Lake*

## Secure Guard™ Cooler/Freezer Lock Features:

### This High Security Locking System...

- Limits access to the cooler/freezer.
- Assures that the door is automatically locked everytime.
- Can be retrofitted onto most any walk-in cooler/freezer door.
- Assures the walk-in door stays shut--saves energy--colder food.
- Is designed with a "hold back" feature that allows keyless entry during peak operating periods.
- Features a proprietary key design which prevents key duplication.
- Has a removable key cylinder. The walk-in door can be re-keyed or adapted to a master lock system.
- Is through bolted--cannot be tampered with.

### Outside view:

### Features:

- Large cast aluminum handle.
- 1/4" brushed aluminum face plate and inside plate.
- Interchangeable cylinder.
- Handle is through bolted for maximum strength.
- Heavy duty latch/strike can't be broken into.
- Bump bar, "hold back" feature.
- Meets OSHA requirements for egress.
- The Secure Guard™ lock is available exclusively from Nor-Lake.
- Optional: Cylinder with removable core (P/N 119143)

### Inside view:

Retrofit strike assembly (P/N 119144)

\* This is not a warranty against theft
